ALL COUNTY INFORMATION NOTICE I-59-90

TO: ALL COUNTY WELFARE DIRECTORS

SUBJECT: INTERCEPTION OF STATE INCOME TAX REFUNDS TO COLLECT  
DELINQUENT RESTITUTION OF AFDC OVERPAYMENTS AND FOOD  
STAMP OVERISSUANCES - AFDC/FS INTERCEPT PROGRAM

The State Department of Social Services (SDSS), in conjunction with the State Controller's Office and the Franchise Tax Board (FTB) will again administer a State income tax refund Intercept Program for Tax Year (TY) 1990. This Program is designed to facilitate the collection of delinquent restitution of Aid to Families with Dependent Children (AFDC) overpayments and Food Stamp (FS) overissuances. This Program has proved to be an effective collection device, with over \$4.4 million in tax refunds intercepted for TY 1989.

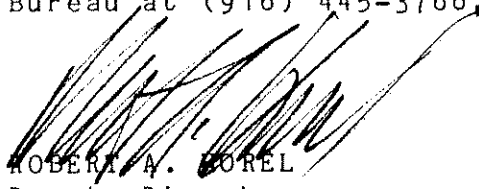

The Intercept Program, for TY 1990, will operate similarly to the previous years. Counties again this year are required to submit addresses on the individuals requested for intercept and to provide a separate tape/form for the addresses. Instructions are included in Attachments 5 and 7. In addition, the instructions for participation are being put into regulations. These regulations will be part of Division 20 of the SDSS Manual of Policy and Procedures. The regulations should be in place by September 1, 1990. There will not be any change in the criteria for submission of accounts for intercept as a result of the regulations.

This letter provides the following: (1) instructions for participation (Attachment 1), (2) a timetable of activities (Attachment 2), and (3) necessary forms which must be completed in order to intercept TY 1990 State income tax refunds (Attachments 3 through 10).

As in the past this Program is voluntary. If your County plans to participate in the AFDC/FS Intercept Program, please complete Attachment 3, "Participation Agreement", by September 1, 1990 and return it to:

State Department of Social Services  
Fraud Program Management Bureau  
Attention: Intercept Coordinator  
744 P Street, M.S. 19-26  
Sacramento, CA 95814

Because of the effectiveness of the AFDC/FS Intercept Program in aiding in the collection of AFDC overpayments and FS overissuances, the Department encourages all Counties to participate. If you have any questions or comments, please contact Dave Fairchild of the SDSS Fraud Program Management Bureau at (916) 445-3766.

Deputy Director

## INSTRUCTIONS

### 1. Submission Criteria

It is important to note at the outset that certain limitations are imposed on the AFDC/FS Intercept Program. Section 8790.2 of the State Administrative Manual provides, in part..

"The offset procedure augments rather than replaces existing tax and other collection procedures and is for use when effective procedure does not exist and the State would otherwise suffer loss. An agency's remedy under the special laws applicable to its particular program and the general laws of the State is normally more appropriate and should be used unless circumstances are such that the offset procedure is the most logical method of collection . . . ."

Therefore, based on the above mentioned provision, the following are not eligible for intercept:

- (1) Cases which are still eligible for grant adjustment or allotment reduction,
- (2) Cases in which the individual is making regular restitution payments,
- (3) Cases in which the time to request a state hearing has not lapsed,
- (4) Cases in which the individual has requested a state hearing or is awaiting a decision from a state hearing or has received an adopted state hearing decision which determines that there is no overpayment or overissuance, and
- (5) Additionally, pursuant to AFDC manual sections 44-350.161 and 44-352.21, and Food Stamp manual section 63-801.411 nonfraudulent overpayments/overissuances totaling less than \$35 are not to be demanded (this includes interception).

The county must have a "right of recovery", pursuant to SDSS regulations which existed at the time of the overpayment. Right of recovery is defined as the ability to make collections based on the regulations, subsequent court cases and any All County Letters (See Attachment 10 for a list of the appropriate letters) that have been issued regarding overpayments and their collections. The following types of delinquent restitution accounts are eligible for submission:

- (1) Non court-ordered restitution of AFDC overpayments for which the household has failed to respond to a written demand letter(s).
- (2) Civil or criminal court-ordered restitution of AFDC overpayments.

- (3) Civil or criminal court-ordered restitution of food stamp benefit overissuances as a result of an Intentional Program Violation (IPV).
- (4) Restitution of food stamp benefit overissuances which are the result of an Intentional Program Violation as determined by an administrative disqualification hearing.
- (5) Non-court ordered restitution of all Food Stamp claims which have not been terminated and for which the household has failed to respond to a written demand letter(s). This includes inadvertent household error claims and administrative error claims.

## 2. Restitution Account Information

Restitution account and address information can be submitted by magnetic computer tape or by input document. Separate tapes or input documents must be used for the account information and the addresses. See the instructions in Attachments 5 and 7. Only the following restitution account information is required to be submitted.

- (1) County number and name (Example: 38-San Francisco)
- (2) Name of individual
- (3) Address of Individual
- (4) Social Security Number of individual
- (5) Type of case, (i.e., AFDC or FS). AFDC and FS accounts must be listed separately.
- (6) Total amount of delinquent AFDC or FS restitution owed. The amount must be at least ten dollars.
- (7) Case, district, and/or worker numbers. Information contained in this field is optional.

### a. Counties Submitting Magnetic Computer Tape

Counties submitting restitution account and address information on magnetic computer tape should follow the instructions provided in Attachment 4, "AFDC/FS Intercept Program: Magnetic Tape Restitution Record Description" and Attachment 5, "AFDC/FS Intercept Program: Magnetic Tape Address Record Description". Any questions regarding automated input should be directed to:

State Department of Social Services  
Systems and Programming Section  
Attention: Mr. Mike Collins  
744 P Street, M.S. 19-58  
Sacramento, CA 95814  
(916) 445-5027

b. Counties Submitting Input Documents

Counties submitting input documents should follow the instructions provided in Attachment 6, "AFDC/FS Intercept Program: Revised Input Document Restitution Record Description (6/87)" and Attachment 7, "AFDC/FS Overpayment Intercept System Manual County Address Instructions". Please follow the instructions carefully because any incorrectly completed input forms will be rejected. Time constraints preclude editing the input documents and returning the forms to the county for correction.

The input documents, Attachment 6 page 4, "AFDC/Food Stamp Intercept System - Input Document", and Attachment 7 page 2, "AFDC/Food Stamp Intercept System - Address Input Document", must be duplicated locally.

To allow the SDSS to intercept state income tax refunds for TY 1990, participating counties must send all restitution account information, magnetic tape or forms, no later than October 1, 1990, to:

State Department of Social Services  
Production Control  
Attention: (AOI-Intercept Program)  
744 P Street, M.S. 19-13  
Sacramento, CA 95814

3. Limited Assignment/Certification of Correctness

In addition to the restitution account information, counties are also required to submit the following:

- (1) A "Statement of Limited Assignment of AFDC/FS Restitution" from each participating county to the SDSS.
- (2) A "Certificate of Correctness" regarding the validity and amount of delinquent restitution.

Attachment 8, "Limited Assignment of Delinquent Restitution", is designed to meet these requirements and should be completed by October 1, 1990. Mail the form to:

State Department of Social Services  
Fraud Program Management Bureau  
Attention: Intercept Coordinator  
744 P Street, M.S. 19-26  
Sacramento, CA 95814

#### 4. Deletions/Adjustments

The county must develop an internal procedure to flag and monitor all cases submitted for intercept in order to insure that the case continues to meet the criteria for a state income tax refund intercept.

In addition, the counties must maintain sufficient individual casefile information to substantiate the cause(s), amount(s) and period of the overpayment and/or overissuance and all Notices of Action sent to the individual.

##### Administrative Reviews

- (1) Upon either a written or verbal request for an administrative review, the counties must offer the individual a review either in person or via telephone. For the convenience of the individual, a face-to-face review is not required.
- (2) There is no outside time limit in which a review may be requested, so that these reviews may be requested and held even after the intercept has occurred.
- (3) When requested, this review must be held within ten (10) working days of the receipt of the request.
- (4) These reviews shall be conducted by impartial representatives of the county. These representatives should be persons who did not prepare the initial computation of the amounts owed. These representatives must be empowered to delete the individual's name from the request for intercept(s) or to correct the amount of intercept(s).
- (5) The pre-intercept notice advises that the individual shall be allowed to appear personally at the review or be represented, to present evidence, and to examine the documents relied upon by the county when it established and requested the intercept.
- (6) In conducting the review, the county shall determine whether it has a "right of recovery" as previously defined in these instructions.
- (7) The results of this review should be provided to the individual in writing within ten (10) working days after the review.

(8) These results must also state that if the individual is dissatisfied with the review he/she may request a state hearing within 90 days of the receipt of the results.

NOTE: Individuals must not be referred to the state hearing system until after the county conducts its review and renders a decision.

We recommend the following language be used to satisfy this requirement:

If you are dissatisfied with these results, you may request a state hearing by writing to:

(Local County Hearing Address)

---

---

You may call 1-800-952-5253 to request a hearing.

Your state hearing request must be made within 90 days of the receipt of these results.

If an individual updates the account or pays it off in full after his/her name has been submitted for an intercept, the county shall submit the name for adjustment within ten calendar days to avoid an incorrect intercept of that individual's income tax refund. If an incorrect intercept should occur, counties are reminded of the requirement in item 5 on the next page. Changes (decreases, or deletions) may be submitted at any time after the initial information is sent to the SDSS. Also, if it is discovered that an individual's income tax refund was erroneously requested for intercept and the refund has not been intercepted, the county shall submit a deletion request. Attachment 9, "AFDC/FS Intercept Program. Modification Request", is provided for the purpose of submitting adjustment requests. Submit the request to:

FRANCHISE TAX BOARD  
Administrative Services/700  
Sacramento, CA 95867-0045  
ATTN: Interagency Offset Coordinator

At no time after submission of the records for the yearly master file may an account be added to the file. This is because of the need to send the individual a pre-offset notice and allow time for the review mentioned above if requested by the individual. Also, it would require the updating of the SDSS master file and might delay any deletions that you may have.

5. Reimbursement of State Income Tax Refund for Wrongful Intercept

All counties participating in the AFDC/FS Intercept Program are required to establish and utilize a mechanism for promptly (within ten calendar days after decision has been made to refund money) refunding to the individual monies intercepted for which: (1) a request for intercept has been submitted to the SDSS in error, or (2) a deletion request has been submitted to the SDSS and the intercept has already occurred before the deletion request is processed by FTB. The refund must not be held until the monies are received from DSS.

6. Designation of County Contact Person(s)

It is the responsibility of the county agency to appoint a representative to handle all local level inquiries concerning the AFDC/FS Intercept Program. Counties are to provide in Attachment 3, "Participation Agreement", the name, unit, and telephone number of this individual. Also, if this individual changes during the year, SDSS will be notified promptly.

7. Pre-Offset Notification

Upon establishment of a master file, FTB will provide SDSS an address tape. This tape will be used in conjunction with the addresses provided by the counties to notify the submitted individuals of the potential offset. If the address is unavailable from FTB, the address submitted by the County will be used to mail the notice. Every effort should be made to locate an address.

8. Income Tax Intercept

The SDSS will forward a statewide master tape to FTB who will run a continuous match against their master index through 1990.

The SDSS will send the following reports to each county:

(1) County Transaction Error Report (AOI100-A)

The system checks the case record submitted by the county for valid data and rejects those records that do not meet the validation criteria. This report lists the rejected cases.

(2) Duplicate Cases Report (AOI150-A)

Cases with the same county number, SSN, last name, and aid type are considered duplicate cases. The system will only accept the case with the largest overpayment or overissuance amount and will reject the others. This report lists the rejected cases.

(3) County Weekly FTB Intercept Report (AOI550-A)

This report lists individuals whose state income tax refund/lottery winnings were intercepted as well as the address, the restitution amount requested by the county, and the amount actually intercepted.

All county entities administering the AFDC/FS Intercept Program should establish a procedure with their respective treasurers to ensure proper accounting of incoming funds from the State Controller. Note that the State Controller will prepare checks payable to the order of the County Treasurer.

9. County Follow-Up Procedure

Upon receiving the list of intercepts and corresponding funds, the county shall credit each individual account for the AFDC and FS amounts collected through the intercept process.

The total amount of the repayments should then be recorded on Form CA 800, "Summary Report of Assistance Expenditures Aid to Families with Dependent Children, or FNS 209, Status of Claims Against Households", as appropriate.

CHECKLIST OF ALL COUNTY LETTERS  
TO BE REVIEWED PRIOR TO SUBMISSION OF CASE  
FOR TAX INTERCEPT

AFDC OVERPAYMENTS

1. All cases

A. All-County Letter (ACL) 85-49 (Edwards v. McMahon)

Instruction: Ensure that all underpayments are set off against existing overpayments.

2. Cases involving excess resources:

A. ACL 87-40 (Excess property overpayments -- Cases in collection) (EAS 44-350.12, 352.1)

Instruction: Ensure that good faith review has been performed and that recipient was notified of result of review; if no review previously performed, review case in accordance with ACL and notify recipient; no intercept pending outcome of review. If overpayment reduced after review, and prior collection exceed revised amount, make corrective payment.

3. Cases involving lump sum payments:

A. ACL 85-67 (Stephens v. McMahon, Shaw v. McMahon)

Instructions:

- 1) Ensure that overpayment was not caused by "windfall" lump sum payment received between April 2, 1982 and August 1, 1986;
- 2) Ensure that, in determining amount of overpayment, eligibility under Shaw was considered.

B. ACL 86-90, 88-76 (Rutan v. McMahon)

Instruction: Counties must cease all recoupment activity for overpayments caused by receipt of lump sum income prior to receipt of an adequate notice explaining the lump sum rule. If the lump sum payment was received prior to November 16, 1986, there is a presumption that no such notice was sent.

4. Cases involving excess income:

A. ACL 86-44 (Noia v. McMahon)

Instruction: If overpayment arose from a loan considered as income, ensure that instructions in ACL 86-44 have been followed. (Note: In most cases, loan was received between October 1, 1985 and July 1, 1986.)

B. ACL 84-93, 85-41 (Collins v. Woods)

Instruction: Counties should not be recouping nonwillful overpayments made prior to April 2, 1982. In any such case, stop recoupment and make corrective payments of all amounts recouped after August 28, 1984.

5. Technical overpayments

A. All County Information Notice (ACIN) I-113-84

Instruction: Review case to ensure that overpayment did not arise from "technical ineligibility" (e.g., failure to register for WIN because of county error). If case involves a technical overpayment which occurred after January 1, 1985, stop recoupment and make corrective payments of amounts previously recovered.

FOOD STAMP OVERISSUANCES

1. All County Information Notice I-46-87
